STUDENTS OF THE BOWMAN GRAY SCHOOL OF MEDICINE-. SALEM, NORTH CAROLINA - VOLUME 19-JUNE 1963.

dedication

To Dr. Camillo Artom, the 1963 graduating class is proud to dedicate this edition of The Gray Matter.

An humble man, Dr. Artom has won the friendship and appreciation of our class for his deep personal concern over our acquisition of knowledge, eagerness to explain to us even the simplest of points and delight when we seem to understand.

A faithful man, he has gained our respect for his devotion to Bowman Gray where he has served as professor of biochemistry for 24 years.

An internationally known scientist, he has engendered our awe and admiration for him through his long history of achievements in the medical sciences.

Born in Asti, Italy, Dr. Artom received his M.D. degree from the University of Padou and his Ph. D degree in physiology from the University of Messing and in biochemistry from the University of Palermo. He also studied as a Rockefeller Fellow at the University of Naples. He has served as professor and chairman of the Department of Physiology and Biochemistry at the University of Coaliari and the University of Palermo, and as professor and chairman of the Department of Biochemistry at Wake Forest and Bowman Gray.

More than 200 papers by Dr. Artom hove been published in leading journals.

The achievements, faithfulness and humility of this truly great man will long serve as inspiration for our lives.

Camillo artom m.d., ph.d.

north Carolina

Baptist hospital school of nursing

FOREWORD

The memories of school experience are valuable, and the White Matter has recorded a review of people, places, and activities. In the far away years whether working as staff nurse, teaching in an institution, or being content in the home, we hope the graduates of NCBH will sometimes look through these pages and recall fondly the years spent at this school.

To some this is a book of black and white, while to others this book signifies a new outlook on life.

To you, the students of North Carolina Baptist Hospital School of Nursing, this 1962-1963 edition of the White Matter is presented.

MRS. MILDRED KREIDER

I do not think any of us will ever forget the first impression we had of this stronger from the North. As one sat in the cafeteria or in the opartments, she could hear the Class of 1963 saying, "Well, what is she trying to do?" As the months passed, working with her on the words and in the classes, she began to ploy an important part in our lives at this school. Her interest in us as individuals, as a group and as a profession; her desire to help us grow as a nurse and as a citizen; and her willingness to listen to our problems with a vast capacity for understanding have guided us to place our trust in her.

It is with great respect and admiration that we dedicate this 1963 edition of the **White Matter** to you—Mrs. Mildred Kreider.

Thank you!

The members of the Student Council are: President, Carolyn Williams; First Vice-President, Annie Faye Janes; Secand Vice-President, Peggy Woody; Secretary, Sharon Higgins; Treasurer, Galenda Slaughter; Seniar Class Representatives, Linda Dowdee, Jean Baker; Junior Class Representatives, Jane Haywood, Karen Wells; Freshman Class Representatives, Barbara Hapson, Judy Woodard; Chairmon of Hanor Council, Faye Hyman; Chairman of House Cammittee, Sandra Perkinson; Chairman of Sacial Committee, Mary Ann Haneycutt, Gray and White Matter, Peggy Billings; Placeba, Edith Berry; SNANC, April Brown.

Carolyn Williams President, NCSNA

Installation of Officers

Spansars: Mrs. Kreider and Mrs. Johnson

This committee, which originates out of Student Government, is composed of student leaders and faculty members who meet to discuss pertinent matters relating to the school. It serves as a forum for faculty and students to discuss problems and make suggestions in the areas of curriculum and extra - professional activities. Miss Warren acts as chairman of the committee.

Stanbent-famility Relations Bonce Council

The essence of the Honor Council is that each student's word can be trusted and that any violation of a student's word is an offense against the whole student community. The Honor System is a vital directive force in all phases of each student's life and is a major working part of the Student Government Association.

Our Choral Group is active in and around the Winstan-Salem area. It is composed largely of Freshman students who have sung at various times in the hospital chapel. They also sang at Mount Olive Boptist Church for the Pilot Mountain Association meeting. The Director of the group, Mr. Dwayne Zimmer of Ardmare Boptist Church, has devoted much af his time in leading and guiding the choir.

The Council of the Chrisitan Student Fellowship is composed of students of the Bowman Gray School of Medicine and the North Carolino Baptist Hospital School of Nursing. The members pictured are: Mary Kerr, Carolyn Virden, George Brown, Brent Burgoyne, Judy Howard, Sue Milburn, Brenda Smith, Everett Gill, Chaplain ta students, and Mr. and Mrs. Sid Kreider, sponsors.

This year the CSF sent Edith Berry (above) to Nigeria, and Carolyn Virden to Africa as a part of their LISTEN program.

Spring follies

MISS BETTY KEY

MISS GAYLE DANIEL

MISS SUE ELLEN HUNTER

MISS BETTY ANN JOHNSON

Somewhere between imaginative planning and opening night, the primary aim becomes a challenge for a superb performance. Inevitably, it brings many hours of hard work, fear, and frustration; but eventually, it brings satisfaction, pleasure, and lovely memories to all.

Chosen for her beauty, poise, and personality, Miss Betty Key has reigned for the past year as Queen of the 1962 Spring Follies. Throughout the entire contest, Betty remained a picture of beauty and carried with her the poise that is so characteristic of her.

The nine girls pictured on the page are contestants in this year's Spring Follies beauty pageant. One of them will be chosen Queen of the 1963 Spring Follies and will be crowned by Dr. Eben Alexander.

Cheers.

"Where hove all the flowers . . . ?"

Our hostesses and night watchmen.

THE NURSE

To be a nurse is to walk with God,
Along the path our master trod;
To soothe the achings of human pain;
To faithfully serve for little gain;
To lovingly do the kindly deed,
A cup of water to one in need;
A tender hand on a fevered brow,
A word of cheer to these living now;
To reach the soul through its body's woe,
Ah! This is the way that Jesus would go.
Oh, white-capped nurses in dresses of blue,
Our great Physician is working through you.
—Author Unknown

This is a capsule...

and it looks deceptively simple. Certainly not as complex as an x-ray machine, a fully equipped operating room, or a modern pharmaceutical analysis laboratory. But appearances can be deceiving. Into this capsule went countless hours of research, the clinical investigation of thousands of patients by scores of physicians and-finally-painstaking manufacturing controls. And-with the help of this capsule-physicians are able to provide more effective care for their patients.

Smith Kline & French Laboratories is dedicated to the discovery and manufacture of these seemingly simple medicines... prescription drugs which have revolutionized the physician's treatment of his patients.

do you know...

that you are graduating into one of the most promising areas of the nation? A recent urban research study forecasts "a linear city" for the 300 miles stretching through the industrial Carolinas. Here, in the 20,000 square miles served by Duke Power, scores of thriving towns connect busy cities. Research centers, colleges and universities, and hundreds of industries thrive.

Here in the Carolinas Crescent, there is real challenge and opportunity. There is a place for you to fill, a job for you to do, in an exciting future that begins—right now.

TO THE CLASS OF '63...

With sincere appreciation of the trust placed in us by the Physicians, Nurses, and Institutions, which for more than one hundred years we have been privileged to serve, we bespeak for you as you launch upon your careers of service to mankind the same full share of public confidence and trust which has inspired us to greater efforts all through the years.

May you always "Look up and not down—forward and not backward"—and may your guiding light be "First consideration for others:"
